PSHH

PSHH

Mit-Psii, I don't have a precedent for my condition. If anyone else out there had it, I don't know.

The visions—

The way I see things...

They feel as real as this. Here with you. If I question them, I have to doubt everything. Both sides.

Does something have to be real for everyone for it to be true? For me to believe in it meaning something, at least?

I hope not. We're out of luck otherwise.

THAT DOESN'T MAKE ME FEEL BETTER.

Sorry.

END.
